PHONE 20

The regular monthly meeting of the Lacombe W.I. will be held in the Ladies Rest Room at three o'clock in the afternoon on Friday, May 4. Mrs. Yarrowood, of Alx, our constituency convener, will visit us on that day and give us an address. Mrs. Boodie will read current events. We would like as many members and visitors as would like to come. Hostesses, Mesdames. Proudfoot, Newton and Blue.

The large crowd which attended the card party given by the Lest-We-Forget Club on Tuesday evening, reported a most enjoyable time. Both Bridge and Five Hundred were played, honors in Bridge going to Mrs. P. Pratt and Mr. J. Gilmour, and the consolation to Miss Margaret Morrison. In Five Hundred, Mrs. Pendl and C. Sansbury were presented with first prizes, while Mrs. A. Gilmour received the consolation. A dainty lunch served by the Lest-We-Forget members closed a very pleasant evening.

Beds and Bedding are the lowest in price, we have ever known and our assortment is large. Lacombe Furniture Store.

Satin Glo, No. 61 Varnish and Varnish stains, Murexco, Martin-Seniors Paint, Wall Paper and Burlap, at Lacombe Furniture Store.

The L.T.L. Band will meet Sunday afternoon, May 6, at 3 o'clock in the school room, United Church. A full attendance is requested.

Wing Wong, Chinese merchant of Haynes, reported to Const. Collett last Friday that his safe had been robbed of some \$150. Const. Collett made an investigation on Saturday, with the result that a youth of the neighborhood was soon apprehended, and pointed out to the constable the place in which he had hidden some of the spoils in a bottle. The youth will be brought up before the juvenile court. In the meantime Const. Collett is investigating other clues, as he is of the opinion that some older persons are mixed up in the theft.

DEATH OF MRS. ADDIE RAYMOND

Chas. Raymond, of the Lacombe Furniture Store received the sad news that his mother, Mrs. Addie Raymond, of Medford, Oregon, had passed away, April 20th, 1928. Mrs. Raymond was 71 years of age and apparently had been in the best of health up till the time of her death. Mr. Raymond's father passed away three years ago. Mrs. Raymond leaves seven children, being Chas. and Asor Raymond of Lacombe and Bentley; Ralph of Medford Ore.; Mrs. E. Hankins, Mrs. Geens Skeels, Bentley, Alta.; Mrs. Will Cummings, Medford, Ore., and Mrs. Dillon, of Pasadena, California.

AT THE REX

Friday and Saturday.

Clara Bow in

"GET YOUR MAN"

And--Clara's the girl who can do it! All she has to do is flash those big, bright baby eyes of hers and mister, mister--it's the beginning of the end! The screen's flapper queen outdoes 'Hula' and 'Mantrap' in this peppy tale of a peppy Yankee girl's adventures in Paris!

Six prizes given away Friday night.

Rhodie Williams, the Boy Soprano will sing at the Rex on Saturday night, May 5th. A real musical treat.

On Saturday night, the "Harmonizers", Lacombe's best dance orchestra will play during the show. Come and hear them.

Watch for the great British aeroplane picture, May 18th and 19th "The Flight Commander."

Monday and Tuesday

"The Secret Hour"

The secret's out! "The Secret Hour" is no longer a secret. This crowded hour of life, this crowded hour of love offers you a genuine entertainment thrill with Pola Negri topping countless fine performances with superb characterization in a gripping drama of May and December love.

AT THE COSY

Friday and Saturday

Gary Cooper in Zan Gray's latest picture, "The Last Outlaw". Its an outstanding picture of the wide open spaces as all Zan Gray's pictures are, also comedy and news. Children's Candy Matinee, 2.30 every Saturday. Country Store night both Friday and Saturday.

Monday and Tuesday

As we have no more pictures booked in, we are going to Calgary Wednesday to get our choice of the late productions and get them dated in Calgary watch posters for Monday and Tuesday. It will be worth while.

Burke Valley News

Mr. and Mrs. Grant Thompson, Jr., and family have returned home from B.C. where they have spent the winter. Mr. Thompson motored back, and Mrs. Thompson and the children returned by train. They reported a very nice trip though were glad to be home again.

Mr. A. Jacobson and family were very unfortunate on Friday as owing to the high wind their large wood pile caught fire from a pile of burning trash and was soon in flames. They saved very little of it, and Andrew was quite badly burned while trying to save some. Fortunately it did not catch to the house.

There were three new pupils at school on Monday morning. Sticks

Hanson in Grade IV; Robt. Hanson in Grade II and Elsie Mills in Grade I.

Several people have been threshing Mulrooney's on Friday and Bagley's and Mr. Joe. Walstrom on Monday.

Mr. and Mrs. Kingston and family left Thompson's on Saturday to work for Mrs. S. Romear of Jones Valley.

Mrs. W. Hanson and family also returned from B.C. where they have spent the winter.

We are sorry to say that Mrs. J. Mulrooney has been sick. We wish her a very speedy recovery.

Mr. Nelson is now in the field plowing with his Fordson tractor.

Mr. Clarence Boomer spent a few days in Leedale last week visiting friends.

A number of the young people of this district attended the dance held in Joffre hall on Tuesday night. They reported a good time.

Mr. Caxton of Edmonton visited his farm on Wednesday and Thursday.

We are sorry to say that Mr. Lester Graham is sick again with rheumatism. We hope it will not bother him long.

Mr. Theodore Goldring spent a few days in this district last week. The school children held Hobo Day on Friday, and there were some very funny and grotesque costumes.

Cheer up folks, the roads may be very bad for cars now, but they seem very good for hay racks.

LADIES' CURLING CLUB

The Lacombe Ladies' Curling Club held their annual meeting on Monday evening, April 30th, and elected officers for the ensuing year as follows: President, Mrs. Chas. McDougall; Vice President; Mrs. Wm. Cranna; Secretary, Miss Opal Danner; with the appointment of executive to be made this Fall.

The Club's finances are in splendid shape as shown by the Treasurer's report which follows.

LADIES' GOLF CLUB

At a meeting of the Ladies' Auxiliary of the Lacombe Golf and Country Club, held on Monday afternoon in the town Hall, the financial report for last year showed a balance in the Bank of \$76.65, the Auxiliary having raised a total of \$360.40 and expended \$283.75. Election of officers resulted in Mrs. W. H. Moore, President, and Mrs. P. Pratt, Secretary, being re-elected for the ensuing year, the ladies expressing great appreciation of the efficient service given by Mrs. Pratt the past year. Mesdames Halpin, Owen and Doherty were appointed to serve on the Social Committee, and arrangements will be made to hold their first tea on May 24th. Season tickets entitling the holder to attend all the Golf teas will be sold again this year, and the Club hopes to build up a large tea membership. Plans were also made to enclose the Club house verandah with awning and increase the number of chairs, tables and benches which will greatly add to the comfort and pleasure of the members.

LOCKHART NEWS

Mr. Haarstad, our councilman, has been very busy getting the roads in shape, and they are in the best shape we have ever seen them.

Mr. and Mrs. Caldwell and Mrs. Palm visited with Mrs. Erickson last week.

E. St. J. O'Neill and Len Beddoes went to Rimbey on Tuesday and brought home new discs.

Mr. Chris Solie and family have moved onto the old Peachie place.

Mr. Papp and family visited their daughter, Mrs. Lawrence Schrader last Sunday.

Henry Wetzell, who is attending high school in Rimbey is living at home again and riding horseback to and from school.

We are glad to hear that Mrs. Jim Jaffray is up and around again.

Mr. Wm. Beddoes is busy threshing these days.

Mr. Geo. Beddoes had the misfortune to smash two fingers on his hand.

Everyone is working in the field now.

Jake Houtz, the picture man put on "Ten Modern Commandments" on Friday night.

The Junior U.F.A. held their regular meeting on Saturday. They expect to put on their play again "Al ways In Trouble". It was a fine play so if you have not seen it, don't miss it when it is put on again.

Roy Weise went to Bentley on Wednesday for the trap shooting.

Mr. Kraus of Blackfalds was visiting in the district on Friday afternoon.

Don't forget that there is school and church on Sunday.

FIRE WASTE

It is appalling to learn that since the arrival of the white man in Canada, forest fires have destroyed 60 p.c. of her primeval forest wealth. Four or five times as much timber has been burned in this as has been cut for the use of man and the requirements of commerce. Disposition of our accessible timber supplies within a period of twenty five years is forecast.

To bring home to the minds of Canadians before it is too late, the tragic loss that will result to this country if our forest areas are totally destroyed, Canadian Forest Week has been set aside. In the press, in the schools in clubs and public gatherings, the importance of Canada's forest and Canada's forest industries will be drawn to public attention. If everybody in Canada realizes that thousands of families and millions of dollars of capital are dependent upon the Canadian forests, everybody would think before throwing down lighted matches or cigarette stubs, or lighting fires in dangerous places and leaving them to spread on or below

the surface of the ground. Carelessness has destroyed 60 p.c. The axe has taken 18 p.c. Only carefulness will save the 27 p.c. of our forest wealth that remains.

Hon. Chas. Stewart, Minister of the Interior, has to do with Canada's forests, and it is encouraging to note his activity in arousing public opinion as to the situation and the imperative need for care in preventing forest fires.

CLIVE NEWS

The farmers have all started on the land, and a few have been seeding wheat.

Mrs. Geo. Monson returned home from Lacombe on Saturday last.

We are sorry to learn of the sickness of the son of Mr. L. Wagner, and we hope he will soon be well again.

The town of Clive is going to build a community hall this summer. They have raised quite a large fund for the building already.

Mrs. Geo. Monson has her aunt, Mrs. Turner visiting her for a time.

Central Alberta
a Picture of
Real Activity

Reprint From Calgary Herald
(By C. B. Halpin, Jr.)

To most of us living in Central Alberta, spring's awakening will scarce call for a second thought, but, at the same time, it has been said that we Westerners are the only people on earth who truly appreciate the advent of the growing season. Having lived here for the greater part of our life we know the feeling of joy when the first pussy-willow is seen, and when the clear notes of the meadow-lark come to us on an early morn. We know the ecstasy of plucking the first crocus and the great happiness afforded by the appearance of the first gopher or the sight of a yellow butterfly.

We of Western Canada are among the most optimistic peoples; after a long winter we begin to look forward to the Easter season, and all that that means, for strange as it may seem, Christ's resurrection is synonymous with the re-awakening of plant life, and when the first plow cuts the soil and the first seed is planted, we turn our thoughts to the coming months, knowing that we are again on the way to prosperity.

Ready for Spring Work

So today, Central Alberta presents a picture of prosperity, the plows are being got ready for the coming work, the seed drills are cleaned up ready to start action, and speculation is rife as to what chances are of having a bumper crop. How often have we gone through all that activity, how often have we made our plans, and stranger still, how often have we seen our fondest hopes fulfilled?

It is a wonderful country, this Central Alberta. A country second to none, a country worth all the faith we have invested in it, it has never let its people down very badly; true enough, sometimes it has failed us to some extent, but this only when we allowed our expectations to take ascent over our better judgment, when we allowed our optimism to set up a next to impossible objective.

Not Far Behind

This spring, though long in coming, never daunted the spirits of our populace, we knew that sooner or later, the frost king would have to bow down to the prince of spring, and at last, when it has done so, we find that we are not more than a week or two behind any previous season, and the farmers are determined to make up for lost time, and are ready to start on the land at once.

A few farmers living on high land have commenced seeding at this writing, and by the time this appears in print, seeding will be general throughout this great district. The land never was in better shape for working, as the abundant snows of the past winter, left ample moisture with which to carry on. At present, it is hard to form an opinion of what our harvest will be, but we can be fairly certain that it will be among our best, and that we will be justified in our faith in this part of Alberta.

Stock in Good Shape

The stock came through the winter in good shape, considering the length of the past winter and the amount of snow; this was offset by the fact that last season's fodder crop was abundant and that every farmer owning stock had more than enough hay and straw to feed them till the snow melted. With the present price of beef, the cattle breeders will do well this year.

In closing, we would like to draw the attention of the city dwellers to the great study in industry they could gain by taking a motor trip right now through the farming communities. At this time of the year, the farms are a hive of industry. It is a pleasure long to be remembered, to see the fields being plowed and planted and to note the confidence and optimism of the farmer as he goes about his work. Only the workers of the soil know the true meaning of spring. It is their time of work and their time of greatest pleasure.

A MUSICAL TREAT

Miss Cochran's violin recital will be held at 8.15 p.m. on Friday evening of this week, at St. Andrew's United Church. Miss Cochran has worked long and hard to give the people of Lacombe the best of which she is capable, and she has even gone to the length of laying aside her office duties for the present week in order to put the finishing touches on her playing. Every one loves the violin well played, and we do not get too many of these treats in Lacombe, so lay aside cares for one evening and listen to the music of the old Masters properly rendered, and by one of your own townsmen. The price to all is but 50c. Miss Cochran will be assisted in her program by Mr. George Boothman of the First Baptist Church, Calgary, and she will have the assistance at the piano of two young ladies of Lacombe. Those who miss this will regret it, so make it a point to be there Friday evening. The ushers have been instructed to seat no one during the playing of any of the numbers as it is distracting to the artist.

A fire in the rear of Dwan's barn gave the brigade a run last week. Fortunately the fire was put out before any damage was done.

"NOT SO SERIOUS"

City Man's Analyzes a Cow And makes Scientific (?) Contribution to Dairy Knowledge.

We are strong for cows. We have observed the cow from many angles, and we have seen a lot of good points in her. But here is the way the city editor looks at the cow.

"The cow is a female quadruped with an alto voice and a countenance in which there is no guile. She collaborates with the pump in the production of a liquid called milk, provides the filler for hash and at last is skinned by those she has benefited, as mortals commonly are.

"The young cow is called a calf, and is used in the manufacture of chicken salad.

"The cow's tail is mounted aft, and has a universal joint. It is used to disturb marauding flies, and the tassel on the end has unique educational value. Persons who milk cows and come often in contact with the tassel develop vocabularies of peculiar and impressive force.

"The cow has two stomachs. The one on the ground floor is used as a warehouse and has no other function. When this one is filled, the cow retires to a quiet place where her ill manners will occasion no comment and devotes herself to belching. The raw material thus conveyed for the second time to the interior of her face is pulverized and delivered to the auxiliary stomach where it is converted into cow.

"The cow has no upper plate. All of her teeth are parked in the lower part of her face. This arrangement was perfected by an efficiency expert to keep her from gumming things up. As a result she bites up and gums down.

"The male cow is called a bull and is lassoed in southern Alberta, fought in Mexico and shot in the vicinity of Ottawa and Edmonton.

"A slice of cow is worth eight cents in the cow, 14 cents in the hands of the packers and \$1.40 in a restaurant that specializes in fancy music and foolish eats."

Here and There

(49) Quebec—Quebec is taking advantage of the Federal legislation of last year known as the Canadian Farm Loan Act, which provides for loans to farmers, whereby the Federal Government provides 90% of the money, the province 5%, and the borrower himself the remaining 5%.

This year's largest inflow of settlers destined for the west recently arrived on two of the liners of the Canadian Pacific fleet. There were 1082 on the *Megastore* and 800 on the *Mellita*, the majority being of British birth, thereby establishing a record for any individual ship docking at the Maritime Province ports this year.

A recent revision of the Customs regulations now enables tourists to bring their sporting equipment or cameras into Canada without leaving a deposit on account of their dutiable value with the Canadian Customs officers at the border. At the present time the change in the regulations will effect particularly the Pacific Coast, where golf and spring sports are in full swing.

Vancouver—Over 100 miles of trackage serving the ports of the Vancouver district will shortly have been laid by the Canadian Pacific Railway, according to a statement issued by the general superintendent of the district. The trackage is designed to take care of a steady and normal growth in trade through Vancouver and also to handle expansion in westward grain movement which this year has reached the record of 53,000,000 bushels.

John Walter, co-proprietor of the London Times with Major the Hon. J. J. Astor, arrived in Montreal lately where he addressed a gathering under the auspices of the National Council of Education. Mr. Walter is covering the Dominion over Canadian Pacific Railway lines and will make addresses in most of the larger cities. He is the fifth member of the family, being a direct descendant of the famous John Walter, to be guide of this newspaper since 1785.

On a long trip from Ontario to Brussels, Belgium, forty muskrats lately left Canada aboard the C. P. S. S. Marburn bound for Antwerp. The final destination of these animals is a farm near Brussels where they will form the nucleus of a muskrat farm. While handled by the Canadian Pacific Express Company during the entire voyage, the animals were fed two ounces of carrots and four ounces of carrots daily with water once every two days.

Saskatoon—"I believe I have found a wheat which, when further developed, will be greatly rust-resistant," said Dr. Seager Wheeler, several times winner of the International wheat award. He went on to explain that although he was quite sure that this new type which he developed from the Kiota strain would protect crops in the province from rust damage, he did not think that the wheat would be absolutely free from rust under all conditions. However, he considered from the results of his experiments that even under the worst conditions such as those of 1927 this wheat would never materially be damaged.

FARM FOR SALE

N.E. 1-4 of 12-41-2, 56th. Situated about 8 miles N.W. Bentley, 3 miles from Furshee; 1-2 mile west of view school on good road and telephone line. All fenced, has running spring. About 40 acres easily broken; about 30 acres with scattered big trees and light brush; about 30 acres swamp, spruce, etc. The soil is very suitable for wheat. Price \$12.50 per acre, with terms, or would take \$9.50 per acre cash. All taxes paid up to Dec. 31st, 1927. Apply E. W. Sladen, Lacombe, Phone R1605. A26-6c

WHEAT POOL NEWS

A meeting of the delegates of the Alberta Wheat Pool will be held on Tuesday, May 29th, in Calgary for the purpose of considering Coarse Grain Pool for Alberta; policy of the Pool elevator system for the coming season, the re-sign campaign, and any other matters of general interest to the Pool.

Over 600 men are now working on the new elevator being erected by the Alberta Wheat Pool at Vancouver. This elevator will be completed by

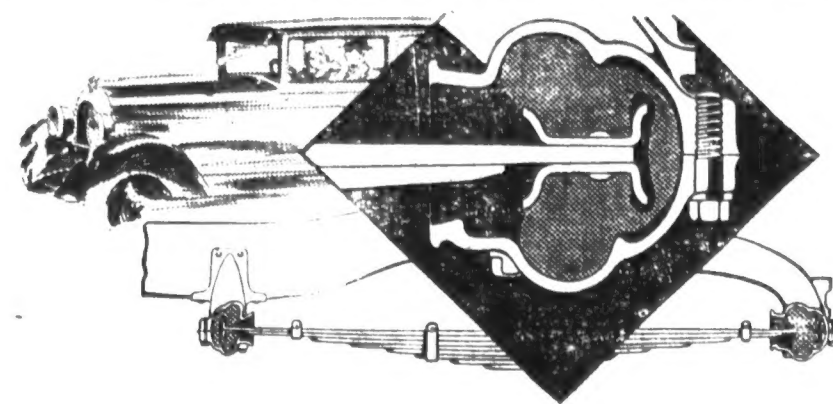

September 1st.

Rapid extension of the Alberta Wheat Pool elevator system is being undertaken this year. Eighteen country elevators are now being built and eight have been purchased. The system will be extended by the addition of at least a hundred elevators this year. Experience in operating the Wheat Pool has shown that line and terminal elevators are imperatively required in order that members may be given the greatest possible protection, that wanted grades of

wheat may be readily obtained when the demand has arisen, and that the greatest possible savings may be effected.

LAKESIDE NEWS

The regular meeting of the Lakeside W. I. will meet at the home of Mrs. Swanson on Thursday afternoon, May 10. There will be a demonstration on artificial flowers, also a sale of flower alpins. Refreshment Committee: Mrs. Pierce; Mrs. Peters; Mrs. Peterson; Mrs. Parker.

NOW RUBBER SHOCK INSULATORS
ADDED TO GREAT NEW CHRYSLER '62'

at New Lower Prices—\$1350 and upwards—
Same Luxury Features as Famous '72 and Imperial '80

CHRYSLER now adds rubber shock insulators to the Great New Chrysler '62'. And at no increase in price! For the first time this great engineering feature is included in a car selling at \$1350.

Thus Chrysler becomes the one manufacturer to offer a complete line of six-cylinder models—"62", "72" and "112 h.p. Imperial '80"—priced from \$1350 to \$4685, giving the entirely new and modern conception of riding ease and quiet that only this specially engineered device can provide.

Floating in space—with not the slightest sense of mechanical effort—is the effect to which these rubber shock insulators contribute. Gone are all the road shocks and road sounds. Gone are all the squeaks and rattles. Gone is the need of the greater part of chassis lubrication.

This is but one of more than 40 features of the three Chrysler models which give leadership in the field of six-cylinder engineering to Chrysler.

By making possible this greatest riding luxury at its new low prices in the Great New "62", Chrysler again shows conclusively how its Standardized Quality of engineering and manufacturing gives extra value to Chrysler buyers.

Chrysler Prices

Great New Chrysler "62"—Seven body styles, \$1350 to \$1600. Illustrations New Chrysler "72"—Seven body styles, \$1995 to \$2335. New 112 h.p. Chrysler Imperial "80"—Fourteen custom built body styles by Chrysler, Dietrich, Locke and LeBaron, \$3745 and upwards. New Chrysler "52"—Seven body styles, \$870 to \$1000. All prices f.o.b. Windsor, Ontario, including standard factory equipment (freight and taxes extra).

Indian Day Celebrations at Banff

Upper—The day of the parade when Indians of all tribes mass for the inspection. Lower left—Squaws receiving their food rations. Lower right—An Indian of today depicting one of a hundred years ago.

No section of Canada can claim a monopoly of Indian Summer, but, to Banff, Alta., belongs Indian Days. Indian Summer occurs in the fall and may last two or three weeks; Indian Days occur in July and are only three in number; but, for those for whom they are named, there is more real pleasure crowded into that short time than they experience during the other three hundred and sixty-two days of the year.

For three days the Indian is "King of Banff". He pitches his teepees under the steep cliffs of Cascade Mountain, known to the Indians from ancestral days as "Stoney Chief". Close to "Stoney Chief" and still known by its original name stands "Stoney Squaw". The latter is a pretty mountain, much smaller than its neighbor, but with an appealing feminine dignity all its own. The reason, then, for the Indians' original choice of names is obvious to all.

For these three festival days the Indian is lord of all he surveys, and all through the village of Banff and in and around the famous Banff Springs Hotel the scene resembles a veritable monster Indian camp. The event that probably led up to the adoption of Indian Days occurred in July 1889 when rail traffic, both east and west of Banff was tied up for a period of ten days as heavy rains had washed out the tracks in both directions. The Banff Springs Hotel, then but a small structure, was crowded with tourists who found time hung heavily on their hands.

The hotel manager at that time and Tom Wilson, the famous Rocky Mountain guide, then put their heads together and decided to invite up the whole Stoney Indian Tribe from the Morley Reserve to make friends with the visitors.

What is today the main road to the hotel was on that occasion staked off as a race track, the winning post being placed at the hotel entrance. Every form of race and sport known to the Indians was held, in addition to many suggested by the white spectators. Altogether the visit of the Indians was a marvelous success, and it ultimately led to the establishment in 1907 of an annual Indian Day, which in time grew into the continent-wide advertised Indian Days. The Indians look forward to these days with the greatest enthusiasm and early on in the year start counting "only so many days now till we go to Banff". The Indian village of a hundred teepees is, as said before, located at the foot of Cascade Mountain for this festival, and is semi-circular in form, each band of the tribe having a section to themselves. Rations are served directly the Indian village is in shape. The Government donates three buffalo annually to the Indians, and the first one of these is then shot by a game guardian and quickly cut up by the redskin butchers. So skilled and speedy are the few Indian butchers employed, that within thirty minutes after the shot is fired, there is not a vestige left of what was once a lordly animal weighing approximately one ton.

LAST year a great car, now a host of added features make Pontiac Six greater than ever. To Pontiac's proven dependability have been added the enthralling beauty of new Fisher bodies, and new high radiator; the new safety and security of positive four-wheel brakes; the new ease and comfort of Lovejoy Shock Absorbers; a new pride of ownership in a car that is essentially modern, up-to-date.

Ask about the amazingly low prices of the New Series Pontiac Six.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

Why Firestone Tires Give You
Most Miles Per Dollar

The greatest enemy to tire life is not the harsh grind of city streets or rough roads but heat which is created inside the tire by internal friction. Heat not only weakens the fabric, but also softens the rubber causing blowouts and tire failures.

The exclusive Firestone Gum-Dipping process prevents internal heat. Every fibre of every cord is insulated and impregnated with rubber, which prevents internal friction and at the same time binds the cords together by a stronger union of rubber, thus giving greater strength and flexibility to the tire.

Take advantage of the Gum-Dipping process to lower your tire costs this year. Your local Firestone Dealer not only supplies you with these better tires that cost no more, but also gives the better service that enables you to benefit from every extra mile built in at the factory.

ALWAYS IN LINE WITH THE MODE

THE HIDDEN PLACES

WHERE QUALITY COUNTS MOST

1 Body The emblem "Body by Fisher" stands for modern styling, safe, substantial construction, lasting beauty, and a score of important contributions to your comfort.

2 Chassis Compare the "Bigger and Better" Chevrolet Chassis with any other car in the low-price field. Look at its rugged, 4 1/4" deep steel frame, its sturdy cross members, its long semi-elliptic, shock-absorber springs, its safety gasoline tank in rear, its one-piece, banjo-type rear axle of enormous strength and ready accessibility. Check the four-wheel braking system and the independent set of emergency brakes.

3 Engine Look beneath the stylish hood of the "Bigger and Better" Chevrolet. See that sturdy, valve-in-head engine (the most powerful type of automobile engine yet designed), fully enclosed and protected. Note the AC Oil Filter, the AC Air Cleaner, Crankcase Breather System, Oil Pump. Notice the new alloy "invar-strut" pistons, the new hydro-laminated camshaft gears, the high grade electrical equipment.

The G.M.A.C. General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

"Fruit-a-tives"—the Enemy of Dyspepsia

ST. URSALE, QUE.—"For ten years I could not digest food. Now I eat like a new man. Fruit-a-tives relieved me completely."

Our way of living lays most of us open to recurrent attacks of dyspepsia and kindred ailments. To remedy this, the regular use of Fruit-a-tives is highly recommended.

The gentle, natural stimulation of the bowels and digestive system by the fruit juice extracts and tonics in Fruit-a-tives soon heals bothersome and painful digestion. Try it. Sold by all druggists—25c and 50c per box.

Municipal District of Crown, 399

Jan. 17, 1928

The council of the above district met in the Municipal office, there being present Councillors Madden, Southward, Sissons, Foren and Bradley.

The minutes of the previous meeting were read, and it was moved by Madden that they be adopted as read.

Sissons: That Mr. E. Barnett's letter be placed on file.

Madden: That the letter from the Social League be tabled.

Southward: That Forty dollars (\$40) per month be recommended as Mother's Allowance for Mrs. Unger.

Sissons: That the N.E. 26-41-26-4 be rented to L. E. Melrose for the year 1928 at the sum of fifty dollars (\$50.00).

Sissons: That the Red Deer Hospital account be taken up with the solicitor.

Sissons: That the Health Officer Report be accepted and a copy of same be forwarded to the Department.

Sissons: That a committee of M. Madden, J. Southward and Secretary be appointed to confer with J. J. Kasha regarding engine.

Sissons: That following accounts be passed and ordered paid:

Fraser-MacDonald	\$11.70
Canada Ingot Iron Co.	20.00
Telephone	6.20
Morrison and Johnston, Ltd.	.80
A. M. Campbell	1.00
Chas. Winslow	25.00
N. Pearsen	12.50
F. E. McLeod	1.00
E. Jones	\$2.50
Bradley: That the third quarter of the Secretary's salary be paid.	
Southward: That Labour Pay Sheet A1 be ordered paid.	

February 17, 1928

The council of the above district met in the Municipal office, there being present Councillors Madden, Southward, Sissons, Foren and Bradley.

The minutes of the previous meeting were read and it was moved by Foren that they be adopted as read.

Sissons: That Dr. Sharpe's bill be Wm. Stone be laid over till the next meeting.

Foren: That Labor Pay Sheet E2 being for \$28.40 be ordered passed and the treasurer instructed to pay the same.

Southward: That the following accounts be ordered paid.

Telephone	\$8.05
Attorney General	40.00

Imperial Lumber	87.80
Kings Printer	7.45
Thos. Norquay	22.00

Bradley: That the last quarter of the Secretary-Treasurer's salary be ordered paid.

THE FIRST FLIGHT ACROSS THE ATLANTIC

The flying machine is carrying during aviators almost weekly to new and superb achievement or to death. When victory attends upon the effort the world's applause greets the fortunate and courageous aviator. In all this wonder and praise of the flyers of today and especially in relation to trans-Atlantic flights, this continent seems to be forgetting the greater deed of Alcock and Brown ten years ago.

They left Newfoundland on June 14, 1919, in a Vickers-Vimy plane, at 4.28 o'clock in the afternoon. Weather conditions were decidedly unfavorable. The report of the trip showed that it was possible to make only three observations during the voyage. In spite of these difficulties the fliers spanned the Atlantic and landed at Ireland 8.40 o'clock on the morning of June 15, after a total flight of 16 hours and 12 minutes.

The Vickers-Vimy aeroplane that was flown on this great flight was at the time one of the largest land type machines actually assembled. It was fitted with two British Rolls-Royce motors of 360 horse power. It had gasoline capacity of 865 gallons, giving an estimated flying radius of 2,440 miles and the distance covered was 1,960 miles.

When the remarkable growth of airplane efficiency and motor efficiency in the last decade is considered, this first trans-Atlantic flight must be accorded the highest praise for both daring and accomplishment. No one would detract in any degree from the achievements of later fliers who faced the perils of the Atlantic flight but the excitement created by their successes should not dim the memory of the greater deed of those British airmen, who, when much less was known about the requirements of aeronautics, first triumphed in the air passage from America to Europe.

BROOKFIELD NEWS

Mr. and Mrs. Mason, of Detroit, Michigan have bought and are going to reside on the Hall farm. They are now staying at Jameson's until they can get the old house ready.

Mr. Leslie Birschine went to town on Wednesday last.

Mrs. Silverburg, Miss Ruby Jacobson, Mr. Leslie Buschini and Mr. Wm. Richardson attended the dance at Joffe on Tuesday, April 24. They reported a very enjoyable time.

Mr. and Mrs. Blade, Margaret, Jimmy and Effie Blade were overnight visitors at the home of Mrs. W. J. Gauld, on Wednesday, April 25.

Mrs. Blade and the three children have been staying in Asker over the winter. They are to spend the summer at Delburne, where Mr. Blade is working in the mines.

Miss Bertha Owens has been the guest of Mrs. George Reid for the past fortnight.

Mr. C. S. Spiers is now working at the Joffe farm.

A fire got away in the jungles, and burnt a haystack of 5 tons, but no further damage was done. This is the second fire in this district which has got away this week. Great care should be taken before setting but fires at this time of the year.

Mrs. Carl Johanson returned to her home at Burnt Lake on Monday last. After a week's visit with her parents, Mr. and Mrs. Jacobsen.

Mr. Tom Beatty is now working in the neighborhood for the season. The Joffe boys will be glad of his help on the football team.

Henry Jacobsen, Lyle Perkins, Bob King went to town Friday to get supplies for spring work. Mr. Jacobsen has bought a new John Deere Tractor and outfit to go with it. I expect we shall see things hum on the H. Jacobsen farm in the near future.

DIVORCE IN THE HOUSE OF COMMONS

When Premier King, a few days ago, moved in parliament that for the balance of the session all divorce bills received from the Senate be read a first and second time forthwith and then referred to the committee on private bills, he raised quite a little storm of protest.

The motion means that divorce bills will be brought down in batches from the Senate, given two readings without examination, and be passed on to the private bills committee.

There, as one member said, these bills are rarely inquired into, the evidence is infrequently read, and the entire procedure takes on the aspect of machine methods.

No cure for this condition exists, while the Senate and the Commons deal extensively with divorce applications from some of the provinces. If the bill to grant to the Ontario courts the right to hear divorce cases were passed, the situation would be relieved.

This would produce two benefits. More time for the consideration of private bills in Parliament would be secured and divorce applications would be heard in an atmosphere of judicial calm instead of in the perfunctory manner of the House of Commons. The Senate deals seriously with divorce hearings but its committee appointed for this purpose is crowded with applications. The House of Commons will have to find a solution of a problem, which, as long as it remains unsolved, will not be creditable to the country.

NOTICE

All persons having claims against William Stone, of near Morningstar are required to send particulars to E. Walter Simpson, Sec.-Treas., M.D., Crown, Lacombe, on or before May 10th, 1928.

No Roads too Rough No Hills too Steep

The strong, resilient McLaughlin-Buick cantilever rear-springs, the semi-elliptic front-springs, and four Levee hydraulic Shock Absorbers produce a riding ease that smooths out the roughest road as effectively as the powerful McLaughlin-Buick engine makes easy mastery of the steepest hills.

APPEARANCE may make friends for a car, but it takes performance to hold them. McLaughlin-Buick outsells because it out-performs.

The G. M. A. C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

A. M. CAMPBELL'S

ITEMS OF INTEREST

Remember H. A. Day's sale of household goods on Saturday. See posters and advert. in another part of this issue.

On Friday last our fire brigade responded to a call from Rosedale, the barn belonging to Mr. Buckwater having caught fire from a burning rubbish pile. The fire was put out before the building was totally destroyed.

During the high wind on Friday last, J. A. Lundie, north of town, had the misfortune to lose a granary and contents, the building taking fire from a burning strawstack. About 300 bushels of oats were in the building at the time. The loss is partially covered by insurance.

Sowing is general through this district, the drying winds of the past week having put the land in good shape. There will be a greater acreage under crop this year than for several years past. There is plenty of help available in the district.

J. J. Kasha, our expert grader man, has been secured by Innisfail for the summer to take charge of their road grading operations. Innisfail has made a good selection, as there is no better grader operator in the Province. J. S. Hanson, who operated the engine here for some time, has been secured to take over the engine work at Innisfail.

Have You a Stray Plane?

A long while ago I loaned a Stanley 45 plane with all attachments to some friend, and hav forgotten who it was. He has also overlooked it. If any of the Globe readers have same, I would very much like to have it back. Bert Thompson, Atlas Lumber Co., Lacombe.

The Senior Choir of St. Andrew's United Church wishing to make themselves self-supporting in the matter of supplying themselves with new and interesting music are at present giving sacred concerts immediately after the evening service every two weeks. Sunday, May 6th being the first day of MUSIC WEEK through out the world, the choir has prepared a special program a synopsis of which is given in this paper. The program will be about forty five minutes length.

BLACKFALDS NEWS

St. Jude's W.A. met at the home of Mrs. Trevalan, all members being present. After the usual business proceedings, it was decided to hold a Whist Drive shortly, when the quilt will be raffled. A dainty lunch was

served by Mrs. Gill. The next meeting will be held at the home of Mrs. Ironside on May 26th.

Mrs. Martin has returned from Edmonton greatly benefitted by the course of treatments. We all hope to see her out again soon.

Mr. and Mrs. Lauchlin and family left by car for Northern Sask. where Mr. Lauchlin is engaged in road construction.

The ladies in the district are all busy with their incubators. Mrs. Bradbury having exceptionally good luck having over one hundred good sized feathered chicks and a few hundred more on the way. Mrs. Bradbury is running two incubators.

DOES CANADA WANT MORE PEOPLE?

The treatment of immigration is one of Canada's biggest problems. It has two divisions, agricultural settlement and general immigration. Mr. E. W. Beatty, President of the Canadian Pacific Railway is right when he says that no anxiety need be felt about industrial immigration. When a country prospers and expands, when jobs are available for either untrained or trained workers, these will come. Agricultural settlement is a difficult matter. Canada can do with vastly larger numbers of farm workers than it is getting. This phase of the subject has resolved itself into an argument about the source of supply. A decision upon this point should be readily found. As Mr. Beatty says, Canada should seek first to gain all the British population that she can secure; also American immigration and immigration from approved sources in Europe. But if the government's attitude as a whole is that expressed recently by Hon. Charles Stewart, to wit, that this country should not adopt a vigorous immigration policy, is there much use in discussing details of immigration schemes or objects?

The question is asked only to answer it by saying that the country will find it most difficult to believe that Hon. Charles Stewart's reported statement correctly interprets the mind of the government and by adding that the people of Canada will be most disappointed if it should prove to be the definition of the government's position.

Notwithstanding that so much of the free homestead land of the West has been taken up, Canada is still possessed of abundant opportunities for the men seeking to make homes on cheap, productive land. The inquiry that is being conducted at Ottawa, should reveal whether the methods being applied are as effective as they should be and will possibly reveal also just what the attitude of the responsible officers on this subject are. If the government has decided not to attempt to secure additional population for farming areas the country

will have to take possession of affairs as so disclosed into consideration. If on the contrary the government is sincere in wishing to increase the productive population of Canada, then the inquiry will be of value in showing where present methods have failed and in suggesting new processes.

BAPTIST SUMMER ASSEMBLY

There is every prospect of a large attendance this summer. Boy's camp, July 10 to 19th. Girl's camp, July 20 to 30. Summer Assembly, July 30 till Aug. 19. Every provision for living comfortably at small cost. Any persons of any denomination desirous of a holiday and same time enjoy and profit from the splendid religious services and lectures are welcome. Dr. A. L. McCrimman, one of the most pleasing speakers and religious teachers of Ontario will be chief speaker this year.
